This is a two-day course designed to prepare hospital leadership with the necessary tools needed to recruit, hire, staff and integrate nonphysician providers in the ICU.

Medical centers across the country are seeking to provide better quality and value in their care for the critically ill patient. To meet this demand, many centers are establishing an advanced provider model to provide competent, consistent delivery of critical care at the bedside. Building on the well-received conference last year, this year’s meeting will provide hospital leadership from various backgrounds and disciplines with the building blocks needed to create an advanced practice provider staffing model for either an academic or community hospital center.

Topics will include: quality and value, financial strategies, staffing models, recruiting, training, utilization, retention and evaluation.

Supplemental course: Ultrasound Training for the ICU Provider

Confirmed National Speakers:
- Mary Beth Beyatte, ACNP
  Washington University
- Roy Constantine, PhD, MPH, PA-C
  St. Francis Hospital
- Robert deQuevedo, MD
  St. Luke's University Health Network
- Craig Lilly, MD, FCCM
  University of Massachusetts Memorial Medical Center
- George Sample, MD, FCCP
  Medstar Washington Hospital Center
- Jaspal Singh, MD, MSH, FCCP
  Carolinas Healthcare

Emory Faculty:
- Vishal Bakshi, PA-C
- Timothy Buchman, PhD, MD, MCCM
- Craig Coopersmith, MD, FCCM
- Krista Garner, ACNP
- Robert Grabenkort, PA, FCCM
- Heather Meissen, ACNP
- Kathryn Moore, ACNP
- Owen Samuels, MD
- Jonathan Sevransky, MD, FCCM
- Michael Sterling, MD, FCCM
