

# Fourth Annual Department of Medicine Research Day

September 9, 2011 ♦ Cox Hall Ballroom

*Please join us for the fourth annual Department of Medicine Research Day to celebrate our research efforts across the department. This event will bring together researchers from all divisions and will provide an opportunity to share exciting new findings, facilitate scientific exchange, and identify potential new collaborations. All members of the department, including post-doctoral fellows and students, are encouraged to participate.*

## Keynote Speaker

**Ann Bonham, PhD**  
Chief Scientific Officer,  
Association of American  
Medical Colleges (AAMC)

Dr. Bonham currently directs the AAMC's array of programs that support all aspects of research and training. As the primary AAMC contact for external research organizations, Dr. Bonham addresses policy issues affecting research through engagement with key officials in the public and private sectors.

Prior to joining AAMC, Dr. Bonham served as executive associate dean for academic affairs and professor of pharmacology and internal medicine at the University of California, Davis, School of Medicine, where she oversaw the school's research, undergraduate medical education, and faculty academic programs.
