

# Engaging in Museum Based Education in a Virtual World

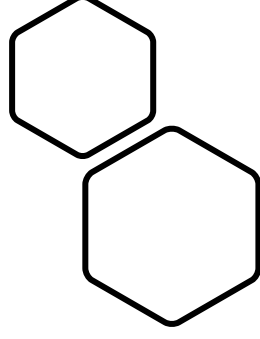

Holly Gooding, MD, MSc

Ali John Zarrabi, MD

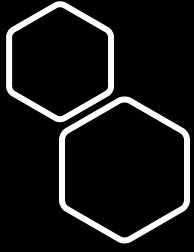

6.24.2020

*We will begin shortly. Please  
prepare to enable your video and  
audio to participate.*

# Learning Objectives

1. Describe how museums (or in person) can meet student learning objectives in higher education
2. Apply Visual Thinking Strategies
3. Engage in Reflective Practice using works of art

MBE has been used to:

Enhance observation skills

Teach clinical reasoning

Increase teamwork

Promote empathy

Foster joy in practice

## Resources for Medical School

Programs and partnerships  
between art museums and medical schools

### Art and Biology

### Art and Cartography

### Art and Medicine

Resources

Forum

UTSW-UTD Course

Video

### Artist Documentation

Paul Gauguin

The Wilcox Space

Carolyn Brown

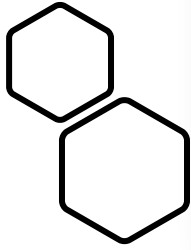

Archive

Census of French

Sculpture

Artists' Writings

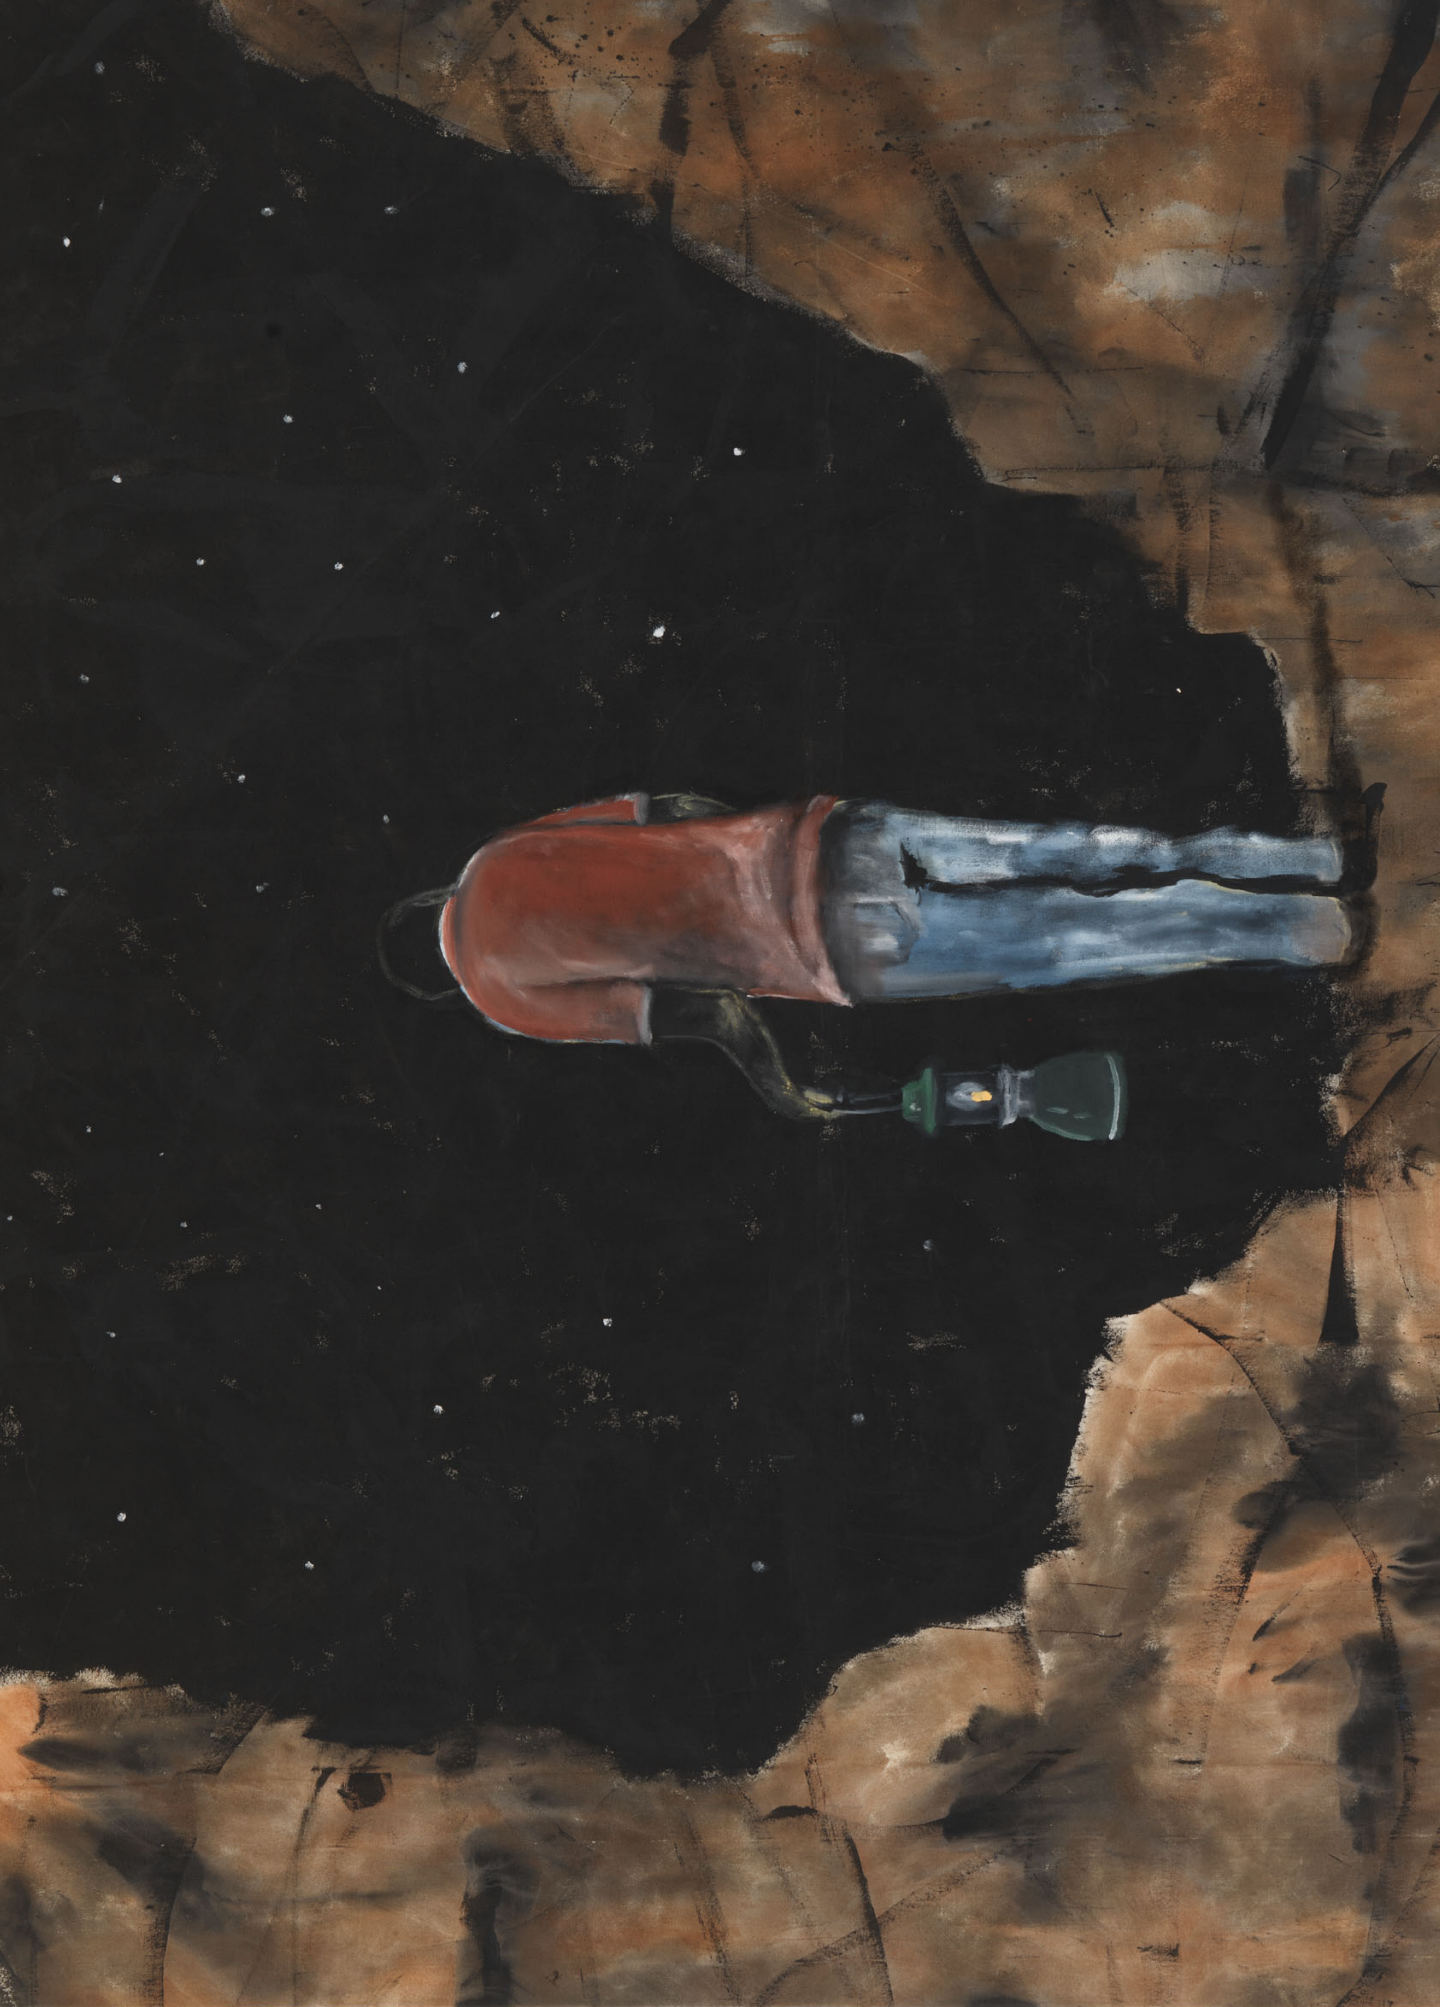

- Edith O'Donnell Institute of Art History hosted a 2016 conference entitled *The Art of Examination: Art Museums and Medical School Partnerships*
- Website contains 125 program descriptions
- Sample syllabi

Visual Thinking Strategies

1. What is going on in this picture
2. What do you see that makes you say that?
3. What more can you find?

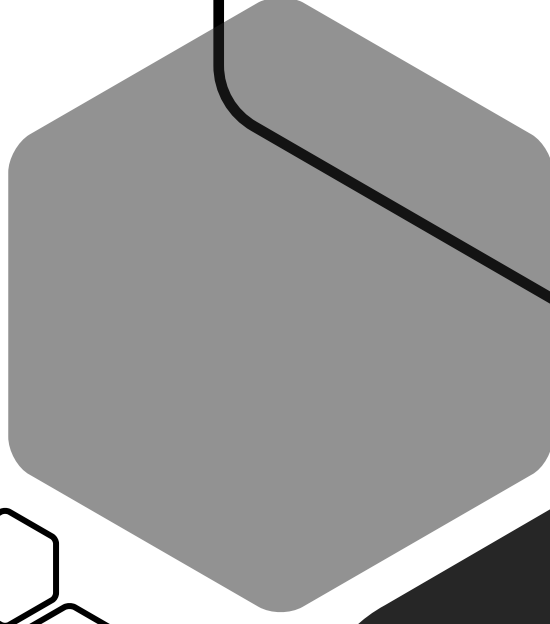

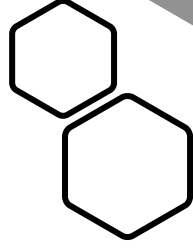

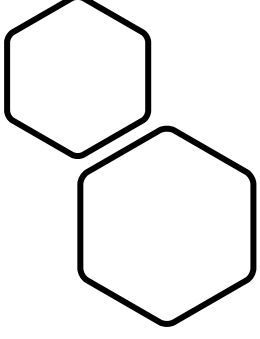

La persistència de la memòria  
1931. Pintura sobre fusta.  
El Museu Dalí de Figueras, Figueras,  
Catalunya, Espanya.
